26TEN Workshops

Literacy Awareness Workshops explain the community need for support with reading writing and maths and why this has become a problem for so many Tasmanians. There are lots of opportunities for movement and discussion in this interactive workshop. Call or email Kate to organise a workshop.

Plain English Workshops outline how important it is to create written information that is accessible to everyone. This is a hands-on workshop and a real eye opener for those using the written word as part of their day-to-day work. Call Christina at 26TEN on **1300 00 2610** for details of upcoming workshops.
